One of the most interesting displays of pioneer life in Western Canada may be found in the Bay's Historical Exhibit. THE FRIENDLY CITY

If we could play tricks with time and have you visit the Winnipeg of 1860 you would stand before a bastioned fort with a few scattered dwellings and windowless stores outside stone and oak walls. By 1874, you would see no less than seven steamers plying the Red River—a river you could cross by ferry in the company of ox teams and Metis traders on their way to sell furs in a settlement of some 4,000 souls.

From these random scenes you can gather that Winnipeg's growth has been meteoric. Each year the city is host to more than 600,000 visitors. They come from every point on the continent to visit friends, to share in the year-round program of entertainment and to holiday in the matchless vacation areas that surround the city.

Whatever the purpose of your visit, be assured that Winnipeg offers you and your family a warm-hearted welcome. The key to a city famed for its hospitality from the days of fort and fur traders, is yours.

REGULATION FOR DECLARATION OF "DUTY FREE" PURCHASES BY U. S. VISITORS TO CANADA

Residents of the United States, who have been in Canada 48 hours—or longer—are entitled to exemption from duty on goods purchased in Canada up to the value of \$200.00, provided that no other declaration has been filed with the U.S. Customs within the previous 30 days. In addition to \$200.00—exemption, United States residents are also entitled to a further \$300—duty free allowance, provided no other \$300.00 exemption has been claimed during the previous six months and that residents of U.S. have visited in Canada for twelve full days or longer. Thus the combined total of the two exemptions is \$500.00 per person after twelve full days in Canada.

Residents of the U.S.A., visiting Canada for less than 48 hours, may take back for personal or household use merchandise to the value of \$10 duty and tax free. Such exemptions must not include more than 50 cigarettes, 10 cigars, ½ pound of manufactured tobacco, four ounces of alcoholic beverages or four ounces of alcoholic perfumery.

U.S. residents can also send one gift a day by mail, **duty free**, to a friend or relative back home, providing the value of the gift is not more than \$10. Perfumes, tobacco and alcoholic beverages are not included in this privilege. Gift packages should be plainly marked "**GIFT**" and value indicated.

In case you wonder

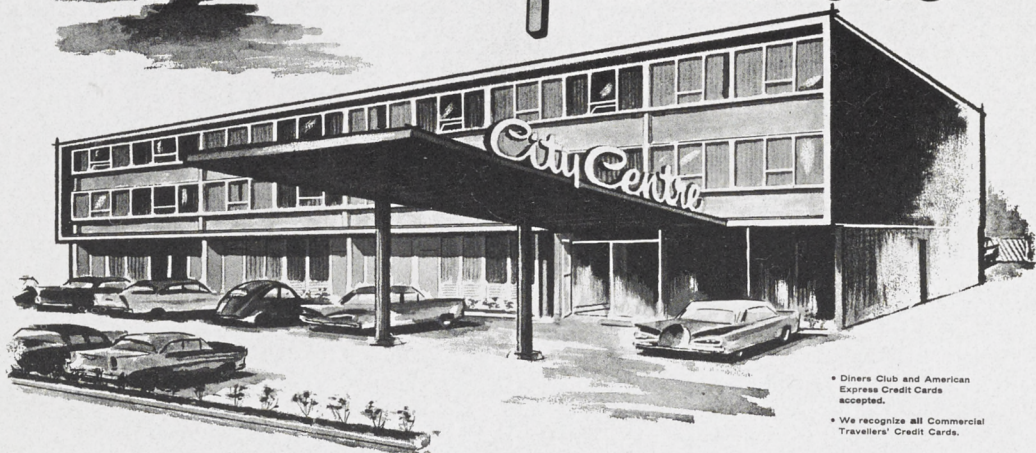

A circle drawn to include all of the North American continent would have its centre in Winnipeg.

Canadian Postal rates are as follows: Letters to be forwarded to points in U.S.A., Alaska, Hawaii or other provinces in Canada should be affixed with a five cent stamp. Post cards require a four cent stamp. Postage stamps can be bought at the post office, as well as most drug stores.

Lake Winnipeg has an area of 9,398 square miles and is larger than Lake Ontario.

Due to the differences in American and British methods of fluid measurement it takes five American quarts of gasoline to equal one Canadian gallon. If this is borne in mind when buying gas in Manitoba, the difference in price will be understandable.

WINNIPEG PARKS

Four large and some forty smaller parks dot the City with open spaces, lawns, and trees. Those unused to the banks of prairie rivers always are surprised when from the tops of tall buildings they look out over miles of massed green foliage roofing the streets of Winnipeg in summer. More than 200 miles of the city's streets have been boulevarded and planted with trees, some of which are overarching now with the growth of fifty years.

The largest of Winnipeg's parks is Assiniboine Park, an area of 300 acres straddling

the Assiniboine River five miles west of the City Hall. The site was chosen for its natural beauty when the City bought it in 1910. But since then it has been added to in many ways. The half timbered pavillion with its tall tower is a landmark, as well as a place for refreshments. The Conservatory and Palm House, the only one in Western Canada, is a favorite point of call all the year round, particularly during the annual Chrysanthemum Show in November. The Zoo has both native and imported animals and birds, including a pair of lions and a band of buffalo, the latter the

faunal emblem of the Province of Manitoba.

Best known of the City's natural parks is Kildonan Park, three and one half miles north of the City Hall. Here 98 acres of the towering elm forest that originally lined the Red River banks has been cared for, beautified with lawns, and equipped with a pavillion and picnic grounds.

St. Vital Park, 110 acres, and Wildwood Park, 70 acres, situated on the east and west banks respectively of the Red River, a few miles south of the City Hall, are well forested natural parks.

Highway Safety

In the event of an accident involving property damage of \$50 or more, or injury or death to persons . . .

Report the accident as soon as possible, and in any event, within 24 hours, to a police officer. (City police—Phone WH 2-8231)

If you can produce for the police officer a Motor Vehicle Liability Insurance card (pink) or a Financial Responsibility card (white and yellow) as proof of your financial responsibility, none of the penalties of the law will affect you.

It is not essential that you have this card, but it can save you from the embarrassment of having your car even temporarily impounded if you are involved in an accident.

Tourists, who become involved in an accident and do not possess a pink card should immediately call the Deputy Registrar of Motor Vehicles, or Wm. Owens, at telephone No. WH 6-7439, and furnish them with particulars of his automobile insurance card, i.e., name of company, address, policy number, make, type and serial number of his motor vehicle.

One of the above gentlemen will then wire the insurance company at the expense of the Province of Manitoba.

Once confirmation of insurance coverage is received your motor vehicle will be released from pound.

Traffic signs and markers are similar to those used in the U.S. Speed limits are: 30 m.p.h. in cities; 15 m.p.h. past schools, hospitals and playgrounds; 60 m.p.h. on highways by day—50 m.p.h. by night.
